Apologies Were Received From

**Sue Walker
Angela Scott**

Those Present Were

**Kim Anderson (chair)
Diana Colleran (sec)
Mark Schofield
Jean Langford
Bev Hill
Robert Littlewood
Daniel Evans WLDC**

The comments for the drop in were to be discussed to form the questionnaire following the drop in looking at the comments it is apparent that the residents are keen to halt the expansion of the village into open countryside and if there was to be any building then bungalows and affordable housing also walk ways and sports facilities and more public transport and no traveller sites. Daniel had brought along some questionnaires that had been constructed for other villages Hemswell Corringham and Great Limber to give us some ideas .These were read out by Bev and we choose to leave some of the questions the same for the Scotton questionnaire whilst other questions were altered as were

the options regarding answers and some free text was added a question was also added to ask if people wanted a new burial ground. The main issues were housing traffic and burials. The funding as of yet is not in place Daniel suggested that Luke Brown may have applied on behalf of the parish as WDLC have emailed Di Millward clerk to the parish council to say that funding has been applied for Bev said that as clerk she is not actually a councillor and therefore could not apply herself Daniel then pointed out that in the past clerks had applied .Until funding is in place it will not be possible to proceed with stage three as we need monies for stationary however printing was discussed Mark Schofield suggested LC printers and Jean Langford knew of another printers in Scunthorpe on Mary Street. Although it was discussed no decision was reached as to where the questionnaires were to be returned to. No date was set for the next meeting.
