Present

Kim Anderson (Chair)

Diana Colleran (Secretary)

Luke Brown (Consultant)

Janet Redfern

Jean Langford

Mark Schofield

Apologies

Adrian Pymm

Bev Hill

Dave Burke

Angela Scott

Kim confirmed that the next lot of funding from ground works had been received by parish and was in their account. The reassessed AECOM report had been returned in August we had then sent out requests to consultees to add their input these were to be received back by the 24<sup>th</sup> September of the ten requests we only had three replies these were from WLDC Natural England and the Environment agency we have had no response to date from Lincolnshire Highways, Lincolnshire County Council Archaeology, Lincolnshire County Council Mineral And Waste, Lincolnshire County Council Education And

Cultural Services, Historic England, Anglian Water and Severn Trent. However we have been told by WLDC that we can proceed with what we have and that the consultees who have not responded will have a further opportunity to do so at a later date. Luke explained that we need to arrange another public consultation. We need to arrange for flyers to be sent out these flyers are to include the proposed sites. On the day of the consultation the sites will be voted on by the public via a ballot box. There are to be maps of all the flooding and heritage sites. Also maps depicting current planning permission. Luke suggested that a projector screen would be useful for a slide show we decided to ask if Scotter had one and to contact the appropriate person. The draft plan will hopefully be completed by Christmas 2018 this will be followed by another six week consultation period. The public consultation drop in was set for Friday November 16<sup>th</sup> and is to run from 2pm until 8pm. Luke said that he would email a flyer that Spridlington had used which we could adapt. We also need four maps printed and five copies of AECOM'S report for people to browse on the day. It was decided that we should have a brief meeting just prior to the drop in event so any last minute snagging could be addressed this is to be held on Monday the 12<sup>th</sup> November in the Church at 7pm .The next post event meeting was arranged for Thursday 22<sup>nd</sup> November in the village hall at 7pm.
