

Minutes for the Scotton Neighbourhood Development Plan

Meeting at the village hall

29th March 2018

Present

Luke Brown (consultant)

Kim Anderson (chair)

Diana Colleran (secretary)

Janet Redfern

Dave Burke

Robert Littlewood

Apologies

Bev Hill

Mark Schofield

Angela Scott

Luke said that in view of the fact that AECOM had not yet carried out the site assessment that had been planned for March 14th we would be discussing open spaces for which he presented the methodology. Various places were put forward for consideration as being deemed important.

The playing field, both seats on Kirton Road, the pond on Westfield, the allotments and recreation land both on Green Lane. The Churchyard, the Tennis Courts and the piece of land in front of Duke's Close on Westgate.

The justification report is to be done by Luke with each site scoring on a scale of one to four on differing criteria, i.e, historical values, peace, views, wildlife .

The mapping is to be done by Daniel Evans planning officer (WLDC). The photographic evidence that was used for the scoping report is to be put on a memory stick and sent to Luke from Kim. Luke explained that when AECOM perform the site assessments on the 17th of April 2018 that they will flag each site as being either red, amber or green. Red being a no go amber a maybe and green as a probable yes.

These decisions are expected to take around three weeks after which we need to arrange for another public consultation to finalise the sites with the residents.

No date was set for the next meeting.
